

HERMA fix

Perfect labelling in no time at all

The **HERMA fix** is the ideal solution if you require a heavy duty dispenser which is easy to use, robust and practical.

Manual labelling without any effort. Simply remove a label, the next label will be presented automatically.

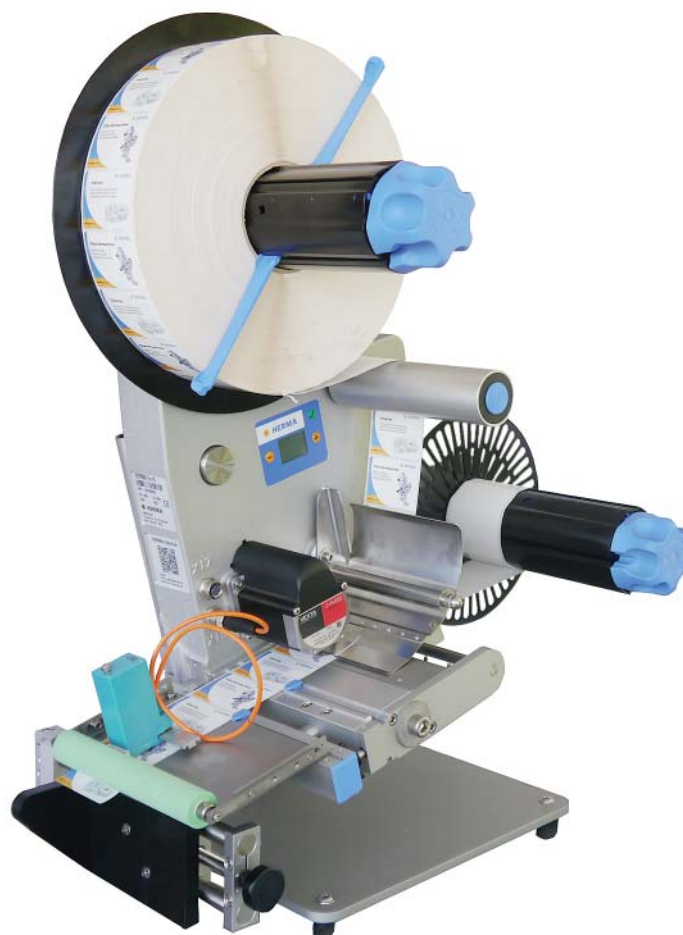

Ideally suitable for label reels with an outer diameter of up to 12"/300 mm and a core of 3"/76 mm.

Tried and tested under industrial conditions.

Power supply in the range of 100 V AC through 240 V AC.

The **HERMA fix** can be equipped with a product jig for accurate placement of labels onto the products. Also, a printer, e.g. a hot-foil coder, can be used for printing batch numbers, expiry dates and lots of other information.

HERMA fix – the modular option for any labelling task.

Applicator HERMA fix – simple, fast, and handy

- > Based on the successful HERMA basic
